### Action Taken:

- Institution ensures that the food served in the canteen meets quality standards and is prepared hygienically. Address any concerns related to taste, freshness, and nutritional value of the food items. Consider expanding the menu options to cater to diverse dietary preferences and cultural tastes. Include healthy and vegetarian/vegan options.
- Improving reliable internet connections, updating classroom technology such as projectors or interactive whiteboards, and creating designated spaces for online learning or collaboration.
- Institution ensures assess the coverage areas of the Wi-Fi network and expands them to ensure comprehensive coverage across campus buildings and hostel spaces. Consider installing additional access points or repeaters to extend coverage to areas with weak signals. Evaluate the speed of the Wi-Fi connection and take measures to improve it if necessary.
- Based on the feedback received, the institution should identify any gaps or shortcomings in its placement support services. This might include issues such as insufficient career counseling, limited networking opportunities, or ineffective job search resources.
- The institution promptly initiated for improving Sports & Gymnasium facility.
- Based on the feedback analysis, the institution identifies specific improvement areas within the hostel facilities. This may include room quality, cleanliness, maintenance, safety measures, amenities, and overall living conditions. Ensure that hostel rooms meet quality standards and provide a comfortable living environment for residents. Address any issues related to cleanliness, furniture, ventilation, lighting.
- Exit surveys with graduating students are conducted by the institution to gather important information about their experiences receiving placement help during their time there.

### Action Taken:

- Institution ensures that the food served in the canteen meets quality standards and is prepared hygienically. Address any concerns related to taste, freshness, and nutritional value of the food items. Consider expanding the menu options to cater to diverse dietary preferences and cultural tastes. Include healthy and vegetarian/vegan options.
- Improving reliable internet connections, updating classroom technology such as projectors or interactive whiteboards, and creating designated spaces for online learning or collaboration.
- Institution ensures assess the coverage areas of the Wi-Fi network and expands them to ensure comprehensive coverage across campus buildings and hostel spaces. Consider installing additional access points or repeaters to extend coverage to areas with weak signals. Evaluate the speed of the Wi-Fi connection and take measures to improve it if necessary.
- Based on the feedback received, the institution should identify any gaps or shortcomings in its placement support services. This might include issues such as insufficient career counseling, limited networking opportunities, or ineffective job search resources.
- The institution promptly initiated for improving Sports & Gymnasium facility.
- Based on the feedback analysis, the institution identifies specific improvement areas within the hostel facilities. This may include room quality, cleanliness, maintenance, safety measures, amenities, and overall living conditions. Ensure that hostel rooms meet quality standards and provide a comfortable living environment for residents. Address any issues related to cleanliness, furniture, ventilation, lighting.
- Exit surveys with graduating students are conducted by the institution to gather important information about their experiences receiving placement help during their time there.

### Response Summary (Graphical Representation):

### Highlights of the actions taken:

1. WiFi bandwidth of the college need to be improved and hence quotation for the same was asked for.
2. The marksheet and Certificate distribution system from the examination cell need to be improved. Proper attention was given on that. The distribution timing is increased by one hour.
3. Student in hostel had some issue on power cut. The attention of the local electricity office is drawn on this issue. In addition, the generator operation timing is made flexible.
4. Proposal was sent to administration regarding the changing of old water purifiers and regular and more frequent servicing of the same.

### Report on Faculty Feedback Analysis on Institute Ambience Academic Year – 2019-2020

In order for Institute Ambience to meet the requirements of present society, feedback from stakeholders are necessary. Students, instructors and other academic staff, former students, and employers / industrialists were among the stakeholders to whom the survey was distributed. Ten feedback comments in all categories were received. The degree of agreement among stakeholders on institute ambience with respect to a few specific questions is displayed in the chart below. A few improvements have been implemented at the institute level based on input from stakeholders. All possible steps for the improvement of institute's ambience were done with HOI's permission and management. The following analysis is done on the feedback results.

### Response Summary (Graphical Representation):

### Action Taken:

- Exit surveys with graduating students are conducted by the institution to gather important information about their experiences receiving placement help during their time there. It is possible to design exit interviews to ask questions concerning the efficiency of placement services, areas in need of development, and ideas for bettering future students' assistance.

2	Is it needed to delete any content on curriculum?	0%	100%	NA

**Table 3: Action Taken based on Table 1 and Table 2**

Sl No.	Feedback Parameters	Action Taken
1	Is it needed to add any content on curriculum?	It is found that 20% employers want to add new contents with the Existing Curriculum. This was discussed and approved by DAC meeting held on 01/07/2022 for ODD semester and 02/01/2023 for EVEN semester and accordingly some of the courses suggested by students has been included as VAC.
2	If Yes Specify the content	
3	Is it needed to delete any content on curriculum?	100% employers do not want to delete any course from the curriculum. Hence, no action is required
4	If Yes Specify the content	In all 9 parameters, the rating "Strongly Agree" received an average of greater than 3 out of a maximum 4. Therefore, no action is required.
5	The present curriculum is aligned with departmental mission	
6	Employability is given importance in curriculum design and development	
7	Faculty members are prepared and qualified to teach the curriculum	
8	The curriculum developed to prepare students for competitive exams like GATE	
9	The curriculum satisfies students need	
10	Options for choosing electives are adequate	
11	The curriculum allows multidisciplinary growth of students
