Description: "Workshop on Intellectual Property Rights (IPRs) and IP management for startup" by Institutions Innovation Council in collaboration with the Department of Computer Science and Engineering on Friday, 26th April, 2023 to celebrate the World IP Day. Their interactive sessions and insightful presentations on topics such as "Basic Concepts of Intellectual Property Rights," "Introduction to Intellectual Property Rights," and "Intellectual Property Rights" were highly beneficial for both students and faculty members.

In this event, more than 50 participants attended. We hope that the workshop provided valuable insights to all attendees. At the end a small quiz was taken to check the understanding of the participants, many gave accurate answers.
