

Workshop on Design Thinking, Critical thinking and Innovation Design
IIC Activity
Quarter II

Objective:

1. Motivating all the promising innovators to critically think, design and innovate to become successful innovators.

Benefits in terms of learning/skill/knowledge:

All the students understood how the critical thinking ability to design and innovate can be developed to innovate as per societal needs.

Session plan/details of the event:

The Institutions Innovation Council, Dr. Sudhir Chandra Sur Institute of Technology and Sports Complex in collaboration with the Department of Computer Science had organized a Workshop on Design Thinking, Critical thinking and Innovation Design on 13.02.2023, from 11.00 AM onwards.

The workshop was conducted by Professor (Dr.) Joydeep Dutta. The focus of his talk was on intensifying the critical thinking ability while ensuring the struggle points should be understood with utmost importance while developing any promising innovative solution. He emphasized the importance of having a clear vision for innovation which would also help to design the solution focused on the fundamental needs as per society requirements. He also stressed the need for creative and innovative solutions to solve problems and overcome struggle points.
