3	<p>Activities of the Department</p> <p>Actions Taken</p> <ul style="list-style-type: none"><li>• The department has broadened its spectrum of student enrichment programs, transcending the boundaries of the conventional curriculum. These programs encompass diverse activities such as workshops, seminars, conferences, skill-building sessions, leadership development programs, and community engagement initiatives. By actively participating in these activities, students not only gain valuable experiences but also acquire new skills and broaden their perspectives beyond the confines of the classroom environment.</li><li>• Diligent efforts have been undertaken to fortify the connections between the department and various industries. This endeavour encompasses organizing enlightening industry visits, extending invitations to industry professionals for guest lectures or workshops, facilitating internships and placements, and establishing collaborative research ventures with industry partners. Such initiatives are instrumental in exposing students to real-world industry practices, enhancing their employability, and fostering symbiotic industry-academia partnerships.</li><li>• The department actively pursues collaborations with industries to foster mutually beneficial partnerships. This may involve engaging in joint research projects, sharing resources and expertise, collaborating on training programs or workshops, and exploring opportunities for technology transfer and commercialization. By collaborating with industries, the department can leverage external expertise and resources to enhance the quality of education, research, and innovation within the department.</li></ul>
4	<p>Functioning of class/course committees</p> <p>Actions Taken</p> <ul style="list-style-type: none"><li>• The department ensures that the curriculum prescribed by the Maulana Abul Kalam Azad University of Technology (MAKAUT) is adequately maintained. This involves regularly reviewing and updating the curriculum to align with the latest industry trends, technological advancements, and academic standards. By adhering to the prescribed curriculum, the department ensures that students receive education that meets the requirements and standards set by the university.</li><li>• In addition to adhering to the prescribed MAKAUT curriculum, the department takes proactive steps to introduce new courses that go beyond the existing curriculum. These new courses are designed to cater to emerging areas of study, interdisciplinary fields, and specialized topics that may not be covered in the standard curriculum. By introducing new courses, the department enhances the educational offerings available to students, providing them with opportunities to explore diverse subjects and</li></ul>

5	<p>Schedule of Timetable Actions Taken</p> <ul style="list-style-type: none"><li>• The timetable is designed to be flexible and adaptable to accommodate changes, including faculty availability, unforeseen events, and student needs.</li><li>• Contingency plans are in place to address disruptions or adjustments during the semester, minimizing any negative impact on the overall schedule and academic progress.</li><li>• Resources such as classrooms, laboratories, and faculty availability are meticulously balanced with the demands of the curriculum to avoid scheduling conflicts.</li><li>• The department prioritizes optimal utilization of resources to support effective teaching and learning activities, ensuring that each resource is allocated efficiently.</li><li>• The department ensures timely communication of the timetable to both students and faculty members, promoting transparency and effective planning.</li><li>• Any changes or updates to the timetable are promptly communicated to all stakeholders, ensuring that everyone is informed of the latest schedule and can plan accordingly.</li></ul>
6	<p>Attendance of Students Actions Taken</p> <ul style="list-style-type: none"><li>• Students with low attendance are provided with counselling during Mentor-Mentee meetings. Mentors engage with students to understand the underlying reasons for their low attendance, providing support and offering guidance on strategies to improve attendance and academic performance. These sessions create a supportive environment for students to address attendance challenges and seek assistance from their mentors, fostering a personalized approach to student support.</li><li>• The department conducts regular Parents-Teacher meetings to keep parents informed about their wards' attendance status and academic progress. During these meetings, teachers discuss students' attendance records, performance in assessments, and any concerns or areas needing improvement. By involving parents in the discussion, the department fosters collaboration between parents and teachers to support students in improving their attendance and overall academic performance.</li></ul>
7	<p>Quality of Projects Actions Taken</p> <ul style="list-style-type: none"><li>• Students are actively encouraged and motivated to represent their projects in various conferences. This initiative aims to provide students with opportunities to showcase their research, share their findings with a wider audience, and gain valuable experience in presenting their work.</li></ul>

supported in publishing their research findings in peer-reviewed journals, presenting at conferences, and disseminating their work to the academic community and broader public. This helps to showcase their research achievements and contribute to the advancement of knowledge in their respective fields.

- **Recognizing and Rewarding Research Achievements:** Faculty members are recognized and rewarded for their research achievements, including publications, presentations, patents, and grants received. This recognition serves to motivate faculty members and incentivize continued excellence in research.
- **Facilitating Mentorship and Networking:** Mentorship opportunities and networking events are facilitated to connect faculty members with senior researchers, industry experts, and funding agencies. This fosters career development and collaboration opportunities, enabling faculty members to expand their professional networks and enhance their research impact.
- **Promoting Research Ethics and Integrity:** The department promotes research ethics and integrity by providing training, guidelines, and resources to ensure compliance with ethical standards and regulations in research conduct. This ensures that research activities are conducted ethically and with integrity.
- **Evaluation and Assessment:** The impact and quality of faculty research activities are evaluated and assessed through metrics such as publications, citations, research outputs, external funding, and collaborations. This helps to gauge the effectiveness of research efforts and identify areas for improvement.
